

iplanter

"your plant's
voice..
finally heard!!"

this is the brain

Yep I'm the mount for the sensor

yes!! it displays how your plant feels!!

fashioned by vivacious_ey
who's 15 and Indian!)

A smart system that monitors and protects
plant health in real time

monitors plant temperature

tells you your plant's moisture level

shows your plant's practical health in fun
emoticonss :0000
